Mike Kelly, Chief  
Office of Pollution Prevention**

**DIRECTORY FOR WOOD WASTE AND PALLET RECYCLERS/REUSE/GRINDING  
OPERATIONS LOCATED IN OHIO**

The Ohio Environmental Protection Agency, Division of Solid and Infectious Waste Management and Office of Pollution Prevention have compiled this Directory for wood waste and pallet recyclers located in Ohio. We have included all facilities known to us, however, this Directory is not inclusive of all wood reuse operations. Please contact Nancy Moore at 614-644-2928 to include additional wood waste recycler listings or for corrections to the Directory.

The types of wood wastes that each facility accepts are not listed in the Directory as facilities may accept a variety of wood wastes or change business practices in accepting different types and/or quantities of wastes since the Directory was published. It is recommended that those seeking information on wood/pallet recyclers call the facility located nearest them to determine the types, quantities, and price for this service. In some instances, facility operators will travel some distance to pick up and remove wood waste.

For easy reference, the facilities are listed in the county in which they are located. Counties are listed alphabetically.
