"FIRST CLASS"

"Why do we use SETCO tires? That's easy . . . I can't afford the downtime. In today's fast paced, competitive market you have to operate 1st Class. That's why we use SETCO solid tires on all our skid steers and loaders."

Paul Segal
Jack Engle, Co.
Los Angeles

TOUGH. TESTED. PROVEN.

The "Junk Yard Dog" assembly is extremely durable, allowing versatility of the machine by enabling the machine to work in tough areas that otherwise would be inaccessible. The "Soft Ride" and "Jelly Belly" tires are every bit as tough as the "Classic" SETCO, but provide an exceptional soft ride. SETCO assemblies are GUARANTEED to provide a lower cost per hour, with NO catastrophic tire failures. With our unique rebuild/exchange program, tire cost can be reduced by 50%, and NO downtime waiting on tires. Our exclusive rubber compound enhances traction and durability which allows SETCO tires to work in the most abusive environments. With a softer ride, increased traction, NO flats and NO failures, it's easy to see why SETCO is the industries choice.

TOUGH AS A JUNK YARD DOG GUARANTEED

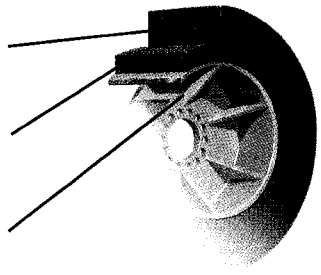

SETCO®
SOLID TIRE & RIM ASSEMBLY

800-634-2381 580-286-6531
www.setcojyd.com

Only SETCO uses 100% natural rubber with shredded 70,000 psi tensile strength wire for ultimate durability, tread life and cut resistance

SETCO's exclusive soft inner core provides increased flexibility and comfort that no other tire can match.

Technologically advanced high quality carbon and tungsten steel rims with reinforced gussets are guaranteed for the life of your machine.

RESOURCE 2002

TABLE OF CONTENTS

The first three listing sections each contain the following respondent company information:

Name
Address
City, State, Zip Code
Phone Number
Fax Number
E-mail and/or Web Address
Key Contacts
Memberships
Other activities that they are involved with such as Dealer/Distributor or Professional Services
Equipment/Product/Services provided

Listing Section 1: Manufacturers .....Page 9

This first section contains the alphabetical listings of all the manufacturers within *RESOURCE* **2002.** If you know the manufacturing company name you are looking for, this is the section you should turn to first.

Listing Section 2: Dealers/Distributors .....Page 55

This second section contains all the listings of the Dealers/Distributors within *RESOURCE* **2002.** If you know the dealer or distributor name you are looking for, this reference is the first place you should turn.

Listing Section 3: Professional Services .....Page 97

This third section contains all the listings of the Consultants/Professional Service Providers within *RESOURCE* **2002.** If you know the consultant or professional service name you are looking for, you'll find what you need in this section.

Listing Section 4: Product and Services Index .....Page 125

This fourth section has more than 13,000 products and services listings. The listings include city, state, phone number and page references.

Advertiser Index .....Pages 271-272

Hauler & Recycling Listings ..... Pages 265

Product or Service Spotlights are a new, high-impact promotional opportunity that provides your company with a four-color photo and 50 words of copy for a minimal dollar investment. Just provide us with a photo or electronic image and the copy, and we'll create your spotlight for you free of charge. Appearing once each month, a Spotlight is a great way to supplement your display or classified advertising and strengthen your marketing message. The value added chart below details how program advertisers can earn free Spotlights.

Maintenance tool?

Do you have a problem with wire wrap? If you find yourself using this for routine maintenance on your compactor, take a look at the Al-jon Impact Series. Because of our exceptional ground clearance and wrap-reducing design, we can offer the only wheel wrap guarantee in the business. Get better acquainted with the Al-jon Impact Series. Call us today. Al-jon Inc., Solid Waste Division, 14599 2nd Avenue, Ottumwa, IA 52501, 641-682-4506 or 888-255-6681. www.aljon.com

EVERY BUSINESS MORNING RECEIVE WASTE NEWS DAILY NEWSMAIL

Waste News Daily Newsmail is a free, subscriber-requested e-mail service developed by *Waste News*. Every business morning, *Waste News* will deliver a short e-mail message containing the headlines of news stories and features that were published on our web site the previous day. It's a quick, convenient way for business professionals to stay on top of the fast-paced solid waste and recycling industries! Your e-mail address will not be sold or shared with any third party. And most importantly, the service is absolutely FREE! Sign up today!

We've Got You Covered!

A Pioneer In Alternate Daily Cover and Still Leading the Way

12 years ago, Alternate Daily Cover Material was a little known phrase in landfill management. Rusmar made the concept a reality. Today, through superior products and service, we remain a leading force in an ever growing industry. Designed to meet all Subtitle D requirements, Soil Equivalent Foam applied with the only self-propelled applicator adds up to:

-No Capital Costs - Pennies per square foot
-One Person Application

RUSMAR FOAM TECHNOLOGY®

Marathon Equipment Has Your Total System for Waste Handling, Recycling, and Reduction Equipment As Well As a Complete Line of Conveyor Systems

Recycling Systems

Marathon's offers **Two-Ram Balers**, **Open-End Auto-Ties**, **Closed-End Horizontal Balers**, **Vertical Balers** and the most affordable Horizontal Baler on the market: the ***Stealth Baler***.

Conveyor Systems

Marathon's offers Chainbelt and Sliderbed conveyor systems for virtually any application including compaction and baler feeds, MRF sorting lines, warehouse systems, and the ***Xstream Series for handling MSW, C&D and other high volume applications!***

THE FASTEST FORCE IN TWO RAM BALING

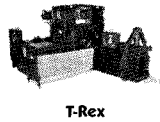

By the time you read this ad, the Ram II baler will have already completed three cycles.

The new Ram II baler is so fast; it's speeding past the status quo. With a force of over 430,000 lbs, this advanced machine easily produces super dense bales weighing up to 1,500 pounds. But don't blink ... you'll miss the 10-second cycle time. So feed it all the scrap you have. The Ram II displaces over 650 cubic feet per minute. That's 25 bales per hour ... 200 bales per shift. And thanks to our Commander Controls, you don't even need an operator. Now that's a force to be reckoned with. **Call 1-800-843-7512.**

ENTERPRISE BALER CO

ENTERPRISE E2RRB* SERIES BALERS

"WE TOOK OUR YEARS OF DESIGN AND ENGINEERING EXPERIENCE IN BUILDING SCRAP PAPER PROCESSING MACHINERY AND FOCUSED ON BUILDING WHAT WE THINK IS THE BEST POSSIBLE AUTOMATIC TWO RAM BALER FOR YOU"

YOU DESERVE TO BE ON THE SELECT & GROWING LIST OF ENTERPRISE FIVE-STAR BALER OWNERS!

Six E2RRB Balers for your selection. Built for all grades of scrap paper, solid waste and non-ferrous metals. Choose from a wide range of sizes, from 10 ton per hour E2RRBs to the Monster 45 ton per hour E2RRB. Larger capacity E2RRBs available upon request. A lot of our time is spent in customizing. A full parts and labor warranty with each E2RRB. Solid-state programmable controls standard on all E2RRBs. You will be pleased to note we have added more steel to make each E2RRB truly heavy duty, all because of the heavy duty job it has to do. Even our smallest E2RRB weighs 37 tons. Call or write today for specifications and other data.

THE FASTEST FORCE IN TWO RAM BALING

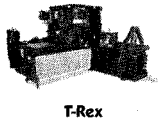

By the time you read this ad, the Ram II baler will have already completed three cycles.

The new Ram II baler is so fast; it's speeding past the status quo. With a force of over 430,000 lbs, this advanced machine easily produces super dense bales weighing up to 1,500 pounds. But don't blink ... you'll miss the 10-second cycle time. So feed it all the scrap you have. The Ram II displaces over 650 cubic feet per minute. That's 25 bales per hour ... 200 bales per shift. And thanks to our Commander Controls, you don't even need an operator. Now that's a force to be reckoned with. **Call 1-800-843-7512.**

TRIPLE R CAN® Reduce Reuse Recycle

Using seamless, high pressure injection molding construction for strength and resilience, our 20, 25 and 32-gallon *Triple R Cans* are tough.

Ready for use in curbside recycling or yard waste collection programs, these containers are manufactured to meet your color and logo needs.

To find out more about the *Triple R Can®*, give us a call.

Breaking Away From The Pack...er

The 3rd Man Tipper Breaks Away From The Competition

- Patented spring shock system will virtually eliminate any possibility of cart damage.
- Fully adjustable bar holders and bolt on mounting plate installs on any vehicle.
- Compact design requires less moving parts providing machine friendly, cost efficient operation.
- Higher rated weight lifting capacity of 400 pounds uses 2.1 gallon per minute flow.
- Steep 140 degree dump angle speeds the emptying of carts increasing operated productivity.

Let REAL EARTH™

Eliminate Your Need for a Landfill!

- We eliminate the need for landfill waste by recycling, recovering and reusing 97% of the waste stream.
- No curbside recycling required.
- We separate, remove recyclables & produce organic compost in one continuous flow of waste.
- We have a totally enclosed process with no unsightly or exposed wastes or discharge to monitor.
- No odors or pollution from the process.
- We guarantee tipping fee for a minimum of a 20-year contract.
- We use proven bio-technology using thremophilic bacterial degeneration in a controlled environment.
- We produce a clean organic compost as an end product that can be used in soil remediation, soil treatment or augmentation settings with long term regenerative capabilities.

Marathon Equipment Has Your Total System for Waste Handling, Recycling, and Reduction Equipment As Well As a Complete Line of Conveyor Systems

Conveyor Systems

Marathon's offers Chainbelt and Sliderbed conveyor systems for virtually any application including compaction and baler feeds, MRF sorting lines, warehouse systems, and the ***Xstream Series for handling MSW, C&D and other high volume applications!***

Waste Handling Equipment

Marathon's RamJet® waste handling equipment has been the standard for the industry for more than 30 years. From stationary and self-contained compactors to roll-off hoist and transfer systems, Marathon is your first choice! Innovation never stops at Marathon!

Bad Conveyor Belts Slowing You Down?

CON•BELT Can Bring Your Production Back Up To Speed!

- We specialize in OEM and Replacement Belting
- Steel Hinge, Combination, Beaded Pan and other specialty belting available
- Available in 2-1/2", 4", 6" and 9" Pitch
- Compatable with many other manufacturers belts
- Steel hinged pans are precision die formed
- Combination belting combines a PVC / rubber top cover with steel hinged chain and our unique interlocking sidewings to help contain material

INTRODUCING

A New Concept in Environmental Equipment Financing:

TIME.

Your time to be exact.

For prompt, hassle-free financing for new and used waste handling equipment, contact Center Capital's Environmental Division toll-free:

1-800-344-2224.

Customized Financial Solutions

• 90 Day delayed billing plan. Accept your equipment today, first payment due in 90 days. • Seasonal payment programs.

Competitive Fixed Rate Financing Available for:

• Containers • Compactors • Trucks/Trailers • Grinders/Balers

Call for Terms and Conditions.

COMPOST TESTING
Laboratory Support for Commercial Composting

Our complete compost program starts with formulating the compost mix and ends with potential uses of final product.

- Feedstock: chemical & physical quality
- Formulating Mixes: guarantee quality
- Compost: quality, stability and cure
- Agricultural uses and Application rates
- Bioremediation and Degredation of toxins
- Toxicity, Bioassay, Metals, Pesticides

BOMAG REIGNS!

Move over modified loaders! Step aside garbage-clogged wheels! There's a new king of the hill. Introducing three new BOMAG models, each weighing in at 100,000 pounds or more. With more horsepower. An exclusive wheel and scraper bar design. An operator's cabin built like a throne. And the proven power and performance to rule even the largest landfills.

Want to be king of your hill? Call BOMAG – The Compaction Specialist.

• LANDFILL CONSTRUCTION • HDPE LINERS • SINGLE SOURCE • EXCAVATION • LANDFILL CLOSURES •

Trust your Landfill Construction to Kelchner.

As the Landfill Operations Manager in one Ohio county put it, "We have an upcoming landfill project, and I would be very pleased to have Kelchner win the bid. The staff was excellent! Kelchner was not just interested in how *they* wanted to do things like some contractors are. They were interested in how *we* wanted things done. We would be happy to have them back."

Contact Todd Kelchner or Jim Hext at 937-434-1334.

by Northshore Manufacturing, Inc.

BOLLEGRAAF

BALERS & SORTING SYSTEMS

THE BALER THAT REVOLUTIONIZED THE INDUSTRY WITH THE ORIGINAL PRE-PRESS FLAP

Bollegraaf HBC 140 Production Team

WE WERE ALREADY MAKING THE BEST BALERS, SO WE DECIDED TO MAKE THE BIGGEST.

For 35 years Bollegraaf has been making balers that have defined quality in the recycling industry - first in Europe and now here as well. So, it was no surprise when Houghton Waste Paper in England challenged us to build the largest, strongest, highest capacity baler ever.

The HBC 140 can process 60-80 tons per hour and is 25% faster than the HBC 110F, previously our largest baler. We are now offering the HBC 140 as the largest member of our baler family, which includes models of varying speeds and capacities. But the best thing about the HBC 140 is not that it's the world's biggest baler. It's that it's a Bollegraaf.

All Bollegraaf balers are fully automated, built to last and feature our famous, pre-press flap - the technology that revolutionized the baler industry.

Thanks to the pre-press flap, no operators are needed for our balers. In addition they are extremely energy efficient and have very low maintenance costs. Which is why, in the long run, our balers are not only the best, but also the least expensive.

So call your Van Dyk Baler Corp. sales rep to find out more about Bollegraaf balers. Because bigger isn't always better. Just when it's Bollegraaf.

VAN DYK BALER CORP.

WE ORIGINATE. OTHERS IMITATE.

MACHINEX

Machinex Single Stream Sorting

MACH
Separator Series

At Hudson Baylor West, in Phoenix, Arizona, Machinex Mach One Separators outperform our client's performance objectives.

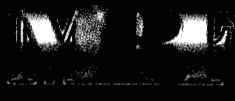

«This was an excellent upgrade! The Machinex Team worked tirelessly to design and build our single stream system around the existing plant and the results have exceeded our expectations.»

Tom Van Tassel
Hudson Baylor West, Plant Manager. Phoenix, Arizona

The Mach Separator Series
Performance-Driven Features

- Unique split-disc technology
- Hydraulically adjustable angles
- Quick and easy adjustments to fit your stream
- Minimal downtime
- Easy maintenance

Talk To Us And Find Out How Machinex Can Make You An MRF Market Leader Today!

COLOR MULCH FOR ONLY $35,000

MINI-MITE
Mulch Colorizer
Capacity:
35-75 Cu. Yds./Hr.

The Stacking Conveyor Shown Is Optional at an Additional Cost

COMPLETE, UNITIZED SYSTEM
Producing Very High-Quality Mulch Products.
Just Add Wood Fiber, Colorant, Water and 480 Volt Power
(or Optional Diesel Engine)

Learn The Market In Your First Year.
Sell So Much You'll Need A Bigger Machine The Next Year!

THE PATENTED TROM-MAG® / AIR CLASSIFIER

It's what separates us from the other guys

Our patented Trom-Mag® and variable speed Air Classifiers have been proven in the field to provide the absolute best separation of co-mingled glass, plastic, aluminum and steel—with minimal glass breakage. The ultimate in MRF technology, efficiency, durability and cost-effective processing and separating, these exclusive components are at the heart of every MRF system we build.

Make them the heart of *your* facility, too—no matter what the size—and get the top quality end products and ultra-efficient separating that'll set you apart from the other guys.

"Good Vibrations"
...for Material Recovery

Vibratory equipment makes material sizing and recovery simple and efficient.

Vibratory Feeders enhance material recovery with uniform spreading — ideal for material transfer, handling surge loads and magnet presentation.

Finger Screen are inherently simple and efficient for fast material sizing cuts without excessive material mixing common to rotary trommels and disk-type screens.

De-Stoner® Classifier use vibratory action and air separation to efficiently perform light or heavy separations in MRFs, RDF fuel, waste wood, and more.

Shredder? Parts? ..SSI!

We've built one of the largest shredder support and replacement parts networks in the industry.

- Complete rebuilds / overhauls
- Onsite reviews
- New / remanufactured parts
- OEM parts- SSI and other brands

Shred-Tech #1

Because we're good at what we do.

#1 in Performance

Shred-Tech's single & dual rotor, high-torque shredders have the most powerful knife tip force in the industry, delivering cost-efficient processing of your material.

#1 in Reliability

Our shredders are known for rugged durability—your guarantee of consistent performance under the most demanding conditions.

#1 in After-Sales Service

We're there when you need us—with a comprehensive warranty, complete parts inventory and fast turnaround to minimize downtime.

#1 in Design

No two reduction problems are the same. Let our engineers put their expertise to work to develop innovative and practical solutions for your particular needs.

SHRED-TECH

In it for the long haul!

Deliver more payloads--every trip!

SSI's Pre-compacted load transfer systems *are designed to optimize MSW transport operations:*

- *Custom formed payloads independent of trailer*
- *Pre-weighed loads to maximize trailer tare weights*
- *Constant density compaction for equal weight distribution*
- *Throughput rates up to 140 tons per hour*
- *Payload weights up to 40 tons*
- *Industry's leader of quality pre-load transfer systems*

30 ton compacted load in transfer trailer (top cover open for photo purposes)

SSI

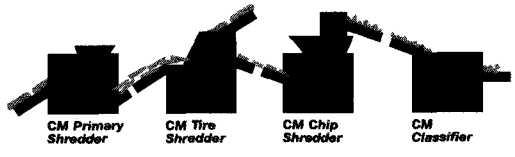

When it comes to tire shredding, CM® is in a circle all its own.

Our complete line of tire shredding products and solutions is specifically designed to meet all your needs – from pre-shredding oversized tires to classifying consistently sized chips. To join the circle of success, call the recognized leader for highest production, best chip quality and lowest operating costs.

CM® Tire Shredding Systems
Performance. Solutions. Profits.

HIGH PERFORMANCE SHREDDERS!

When it comes to document destruction, Allegheny is the choice of the majority of the Fortune 1000 companies — and professional commercial shredding services worldwide.

Allegheny manufactures a complete line of high performance paper shredders to ensure your document security — from powerful office models to high volume shredding systems up to 300 Hp with capacities over 15 tons per hour!

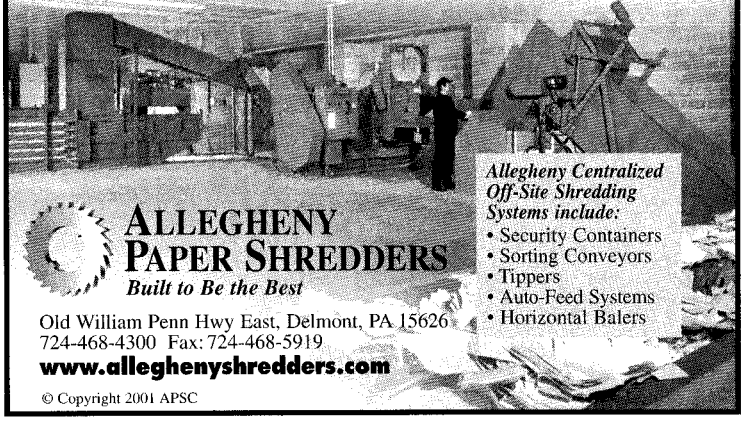

No matter how much paper you have to destroy, there's an Allegheny shredder to meet your needs — and your budget!

Call today to receive our FREE videos, "Allegheny: The Total Solution to Your Shredding Needs" and "Shredding For Profit".

800-245-2497 ext. 90

Allegheny Mobile Shredding Systems Complete turn-key shredding systems professionally installed in your truck.

ALLEGHENY PAPER SHREDDERS
Built to Be the Best

Allegheny Centralized Off-Site Shredding Systems include:
- Security Containers
- Sorting Conveyors
- Tippers
- Auto-Feed Systems
- Horizontal Balers

EVER WONDER WHERE THE GUY WHO WON THE CONTRACT INSTEAD OF YOU GOT THEIR BONDING? THEY MAY HAVE STARTED BY CALLING US.

Because calling us is the first step in beating out the "other guy". Evergreen has been providing hauling preformance bonds for companies who understand the meaning of the word "advantage" for years. Provided without the aggravation, without the added stress. Our professional staff understands your specific needs when it comes to hauling performance bonding, and we make the process fast, an important factor for your ability to provide competitive and timely contract bids. Call, we would love to make you ... the other guy.

• PERFORMANCE BONDS FOR WASTE HAULERS • CLOSURE AND POST-CLOSURE BONDS FOR LANDFILLS, TRANSFER AND MATERIAL RECOVERY FACILITIES

WAT 0025

The survey says Pioneer's Rack 'n Pinion is #1

results from an independent survey conducted by "Waste News" of waste haulers in the public, private, and municipal sectors.*

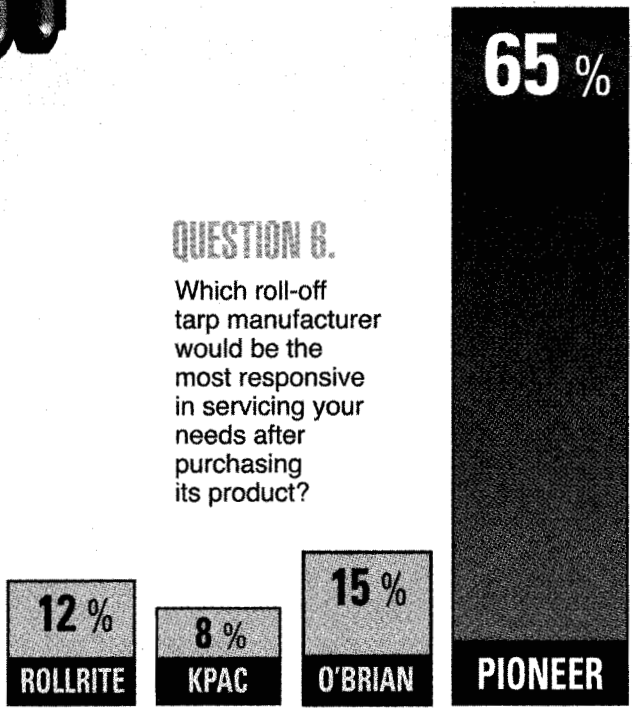

QUESTION 5.

Please rank the following roll-off tarp manufacturers regarding the highest quality for price; i.e. the best value:

THE HIGHEST QUALITY FOR PRICE

QUESTION 6.

Which roll-off tarp manufacturer would be the most responsive in servicing your needs after purchasing its product?

MOST RESPONSIVE IN SERVICING YOUR NEEDS

*Pioneer Cover-all retained the services of "Waste News" to conduct an independent survey of waste industry professionals. "Waste News" selected and solicited the respondents and tabulated the results. Pioneer Cover-all was not involved in the process. The results shown in this ad are as tabulated by "Waste News."

O'BRIAN MANUFACTURING

"...it's just so much more cost effective to maintain the MAGNUM™."

MEASURE THE DIFFERENCE.

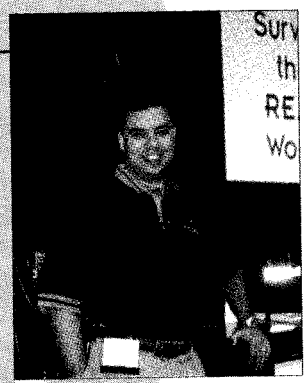

MAGNUM™

Greg Thibodeaux of Waste Connections

The main reason we choose the O'Brian MAGNUM™ Tarper is for the quality construction and strength of the structure. The mount is very solid. With other systems we were constantly working and repairing the inner bracket, trying to keep it from falling off the frame rail. The stabilizer bar is much stronger than the others, which are flimsy and bend, effecting the roller operation. Being in management, it doesn't take very many roller replacements caused by that to get your attention. It's just so much more cost effective to maintain the MAGNUM™. It is easy to use, you have one hand operation and it's easy to repair. It's a very likeable product.

When you run 30 to 40 in a fleet, carrying C & D, you will have to replace tarps. With other tarping systems, a truck would be down for 2 to 3 hours, but not the O'Brian MAGNUM™. In under 45 minutes, you're done, from start to finish. Now that's value! We use to say when changing a tarp, "Man, there's got to be a better way!" I'm glad Woody listened. He invented a tarping wrench that makes a huge difference and makes our life much easier.

Our mechanics and drivers tell us which covers better. And I can tell you for the most cost-effective maintenance, **we strongly recommend purchasing the MAGNUM™ Tarper from O'Brian.**

Greg Thibodeaux
Waste Connections

Licensed under U.S. Patent Numbers 5,080,548; 5,344,271 and 5,458,451

LOW-PROFILE LANDFILL TIPPER

"THE CHOICE IS CLEAR"

- **MORE ECONOMICAL** – The tipper method of unloading M.S.W. transfer trailers is, in most cases, the most economical method available today.
- **HAUL MORE PAYLOAD** – Tipper trailers are much lighter than their self-unloading counterparts and therefore haul more payload, every trip, every day.
- **LOWER PURCHASE AND MAINTENANCE COSTS** – Initial purchase, service and maintenance costs usually favor the tipper/tipper-trailer concept.
- **UNITS AVAILABLE FOR LEASE** – Call for details on our lease program.

FOR A NO-OBLIGATION COMPARISON, CONTACT US TODAY. WE ARE CONFIDENT THAT WHEN YOU HAVE ALL THE FACTS, YOUR CHOICE WILL BE CLEAR.

COLUMBIA

Innovative solutions for more profit... over the long haul.

WASTE HANDLING & ROLL-OFF EQUIPMENT

Roll-Off Hoist

- Fabricated I-Beam Design Lightest in the Industry
- Engineered with High Strength Steel to Handle Every Hauling Application
- Superior Performance Designed for Durability
- Maximize Payload Longer Life

TCT Rocket Launcher

- The "Lightest in the Industry"
- 3 Year Warranty - Main Frame
- TCT 2 Container Trailer Available in 48" and 52" Lengths
- No Comparison When it Comes to Weight, Warranty and Quality

ST6-262 Roll-Off Trailer

- I-Beam Construction High Strength (T-1) Steel
- 12,500 lbs.
- 3 Year Main Frame Warranty
- Designed for Maximum Mobility
- Tri-axles up to 80,000 lbs.

ENVIRONMENTAL SLUDGE & VACUUM ROLL-OFF CONTAINERS ALSO AVAILABLE

#1 IN INDUSTRY PROFESSIONAL READER PREFERENCE

#1 IN RECEIVERSHIP AMONG DECISION MAKERS

#1 IN ADVERTISING AND EDITORIAL PAGES

#1 IN ADVERTISING AMONG THE LARGEST INDUSTRY ADVERTISERS

#1 IN TOTAL CLASSIFIED AND DISPLAY ADVERTISING

Since 1996, solid waste and recycling decision makers have chosen Waste News 3 to 1 as the most useful industry publication.

Thank You readers and advertisers for making us

WASTE NEWS

WHY SETTLE FOR LESS?

When you can have the original built to your specifications?

Crane Carrier's COE Class 7 and 8 heavy-duty truck chasis provides the driver/operator with a factory built LH or RH drive position that is best suited for automated side loading operations. Either drive position is complimented with a full instrumentation cluster and control package with plenty of hip and elbow room provided to move comfortably, unlike those awkward factory conversions. The COE is proven and widely accepted in the largest private and municipal fleets.

Crane Carrier offers the widest selection of drive-train choices. Please call or fax us to locate an authorized Crane Carrier Sales & Servicing dealer nearest you.

Why not consider CCC for your Refuse Fleet?

You'll like the way we operate!

CCC

EVERY BUSINESS MORNING RECEIVE WASTE NEWS DAILY NEWSMAIL

Waste News Daily Newsmail is a free, subscriber-requested e-mail service developed by *Waste News*. Every business morning, *Waste News* will deliver a short e-mail message containing the headlines of news stories and features that were published on our web site the previous day. It's a quick, convenient way for business professionals to stay on top of the fast-paced solid waste and recycling industries! Your e-mail address will not be sold or shared with any third party. And most importantly, the service is absolutely FREE! Sign up today!
